VWR®

Introduction

Avantor® is a trusted partner to customers and suppliers in the life sciences, advanced technologies and applied materials industries. Our channel brand, VWR®, part of Avantor, offers an integrated, seamless purchasing experience that is optimized for the way our customers do business.

VWR MEDIA BOTTLES provides the complete solution for storage of media, biological buffers, and various reagents. These bottles are leakproof, shatter-proof and freezer safe making them ideal for storage and transportation.

VWR MEDIA BOTTLES are available in PETG & PET

VWR Media bottles:

- Manufactured under class 8 cleanroom.
- Made from USP class VI raw material with low leachable & extractables.
- Heat-shrink packaging & temper evident packaging seal
- Suitable for frozen storage down up to -70 degree Celsius
- Gamma sterile product
- Non pyrogenic & non cytotoxic
- Graduated for quick user visibility.

The Advantages of Media bottles

- Good temperature resistance
- Ability to minimize leachable and extractables to assure reliable results.
- Protect expensive buffers & solvents.
- Available in various sizes
